

WOLOSEK

BOULDERS / DECORATIVE STONE / WALLSTONE & FLAGSTONE / OUTCROPPING

History

For over 45 years Wolosek Landscaping Materials has been able to supply landscapers and homeowners with top quality rock and soil products. We started in 1966 by supplying Central Wisconsin with quality landscape materials. Over the years, we grew not only in the quantity of landscape products we supply, but additionally in the geographic areas we supplied as well. Today, Wolosek's supplies all areas in Wisconsin, Northern Illinois, Michigan and even into parts of Iowa, Minnesota, Missouri, and Kentucky.

In addition to our rock and soil products, we manufacture custom soil blends and supply them to nurseries and greenhouses. We also produce and supply Bio Engineered soil blends for contractors, engineers, and landscape architects.

As times changed throughout the years one factor has remained constant; Wolosek Landscaping Materials guarantees to deliver top quality products at affordable prices.

TABLE OF CONTENTS

Boulders	3-6
Specimen Boulders	7
Decorative Stone	8-11
Wallstone	12-13
Flagstone	14-15

Sizes available: 3/8" minus, 1" minus

Specialty Products are specifically blended materials to meet your needs.

Baseball Infield Mix

Pure stone-free clay blended with clean sand at 60/40 and other specific ratios for optimum playing field quality. Soft and player friendly to minimize injury. Great filtration and playable in wet conditions. Free of debris and large particle sizes.

Custom Soil Blends

Greenhouse quality mixes of peat, perlite and vermiculite at specific ratios. Saves on hours of self mixing.

Pure Peat Nursery Blends

Mixed with decomposed bark, sand, and compost to hold in moisture, yet still light weight with proper drainage.

Green Dyed Sand

Clean stone-free sand, dyed with long lasting color. Used for sand boxes or other high profile areas. Available in bulk or super-sak tote bags.

Engineered Soil Blends

Organic compost meets DNR S100 Specifications. Clean washed sand that meets ASTM C33 Specifications.

Pure White Sand

Very fine clean white sand with a soft texture. Excellent for beaches, volleyball courts, and sand traps.
